This plan is NOT eligible for monthly access fee discounts.

Monthly Access Fee	\$40.00
Data Allowance²	Unlimited ¹
Plan ID	76407

Notes: Coverage includes the Verizon Wireless 5G Ultra Wideband (UWB) network, 5G Nationwide® network, and 4G LTE network. For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G Ultra Wideband network. Lines activating on this plan must be on 5G or 4G LTE mobile broadband data devices, including jetpacks, USBs/air cards, netbooks, and notebooks.

¹If 50 GB of domestic data usage is exceeded on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds to up to 600 Kbps in 4G LTE network service areas and up to 3 Mbps in 5G UWB network service areas for additional usage for the remainder of the then-current billing cycle for the line that exceeds the data usage.

²Data can be used in 4G LTE, 5G Nationwide, or 5G UWB markets. A 5G device is required to receive 5G UWB service. Network default and capability of the device will determine video streaming in 4G LTE and 5G Nationwide markets.

A brief service outage and device reboot may be required in order for this plan to take effect on existing 5G UWB lines.

Device must remain active for a minimum of 3 months. Customer will be charged a monthly access of \$40.00 per device, per month, for each device that does not remain in service for a minimum of three (3) months for up to a total of \$120.

Customer must provide equipment (CPE): is limited to devices purchased directly through an Original Equipment Manufacturer or from Verizon Wireless at the cost designated in the Authorized Customer Agreement.[VZW1] CPE must be a 4G LTE device approved for use on Verizon Wireless' network.

Roaming: Lines activated on this plan cannot be used outside the United States.
