

Attachment B-3 to Exhibit B

Cellco Partnership d/b/a Verizon Wireless

Contract DIR-TELE-CTSA-003

EAU 11

Effective Date: 7/1/2025

Item	General Pricing
1	DIR Discounted Cellular Equipment pricing assumes that an Offer Recovery Fee applies to all subsidized device purchases. The Offer Recovery Fee is charged when subsidized equipment is disconnected less than two years after activation, and consists of the difference between the full retail price of the Equipment at time of purchase and the discounted price paid by the Customer for the Equipment, plus any additional service discounts, credits, waived fees, and other offers provided, less 1/24 of that amount for each month the Equipment was connected to the line of service.
2	That by making retail plans, options, features, and applications (i.e. those that Verizon Wireless makes generally available to consumers or business customer) available to Customers purchasing under the agreement, those Customers accept any additional terms and conditions associated with those products and solutions (i.e. End User Licensing Agreements ("EULA")). Additionally, Customers understand that because retail plans, options, features, and applications are made generally available to all customers, and are not custom to DIR, Verizon Wireless may discontinue any retail plans, options, features, and applications for new activations. A minimum of 30 days notice would be provided prior to discontinuing or retiring commercially available service plans.
3	Pricing assumes that all purchases made under the Agreement will be made through Verizon's My Business online resource ("Portal") or through a Verizon Government Sales Representative. Government discounts and pricing may not be available to purchases made through agents or at retail store locations. Verizon retail store locations can be utilized for general troubleshooting of devices. Each Customer will be assigned a Verizon Government sales or account representative for daily ordering and support activities.
4	DIR Discounted Cellular Equipment pricing assumes that Equipment purchased at a discount from Verizon Wireless will only be activated on devices eligible for the specific service plans (ie. Smart devices on Smartphone plans, Machine-to-Machine ("M2M") devices on M2M service plans).
5	The term for each line ("Line Term") begins on the date the wireless service is activated for that line and continues for the period required by the calling plan or Equipment selected for that line (usually 2 years). Line Term extensions are required when Customer: (a) takes advantage of promotions or services that require a Line Term extension; or (b) purchases or upgrades Equipment except for ancillary accessories used in conjunction with Wireless Service. When the Line Term expires, Wireless Service continues on a month-to-

Pricing herein assumes that all existing State agency lines purchasing under expired Contracts for Wireless Voice & Data Products between the State and the Vendor will migrate immediately to this Contract as inactive plans. Vendor will allow the State of Texas' existing non-state agency Government Subscribers who are currently procuring services from Vendor pursuant to previously offered calling plans contained in their existing agreements ("Legacy Agreements"), to continue receiving such services at the pricing, terms and conditions contained in such Legacy Agreements until such Subscribers either migrate to the pricing under this Agreement as set forth below or terminate pursuant to the Legacy Agreements. Such inactive calling plans and associated discount programs contained in the Legacy Agreements will no longer be available for Customer's Subscribers activating service, upgrading a device, or changing calling plans. Any monthly access discounts, usage discounts, revenue discounts or rebates currently offered under such Legacy Agreements shall be discontinued for new purchases upon execution of this Agreement. Previously offered inactive calling plans ("Legacy Pricing") will be subject to the terms and conditions of the CTSA Section 14.15. DIR Administrative Fee and Direct Sales Transactions Reporting only. Existing Customers procuring services under such Legacy Agreements are not eligible for equipment upgrades until such Customers migrate to the pricing under this Agreement. Additionally, such Customers will not be eligible to participate in any access or usage discounts or other benefits available under this Agreement until such Customers migrate to an applicable pricing plan available under this Agreement. All Customers must migrate to the current pricing available under the CTSA no later than April 30, 2022. Customers participating in the E-rate program must migrate to the pricing under this Agreement no later than June 30, 2022 to correspond with the start of the 2022-2023 E-rate funding year.

**PRICING WITH DIR ADMINISTRATIVE FEE

Business Unlimited Tablet Pro Plan	\$40.00	<p>Notes: This is a generally available retail plan, and is subject to change without notice. Current coverage details and additional plan information can be found at www.verizonwireless.com. Coverage includes the Verizon Wireless 5G Ultra Wideband (UWB) network, 5G Nationwide® network, and 4G LTE network. For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G UWB network. Lines activating on this plan must be on a 5G or 4G LTE tablet.</p> <p>1This plan includes the United States, Canada, and Mexico for voice, messaging, and data. After 35 GB of data usage on a line during any billing cycle, usage may be prioritized behind other customers in the event of 4G LTE and 5G Nationwide network service area congestion. A 5G device is required to receive 5G UWB service. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at up to 1080p while in 4G LTE and 5G Nationwide network service areas, and will apply video streaming up to 4K when in 5G UWB network service areas. For data usage in Canada and Mexico, after the first 2 GB of usage in a day, throughput speeds for additional usage will be reduced for the remainder of the day. Usage outside of the United States requires a 5G or 4G LTE GSM/UMTS global-capable device.</p> <p>2Mobile hotspot is available on all capable devices and allows the line to share its data allowance with multiple Wi-Fi enabled devices. If the combined 4G and 5G mobile hotspot data usage exceeds 15 GB on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds to up to 600 Kbps for additional usage while in 4G LTE and 5G Nationwide network service areas, and will apply up to 3 Mbps when in 5G UWB network service areas for the remainder of the then-current billing cycle for the line that exceeds the data usage.</p>		N/A	N/A	2 Years
Business Unlimited Plus Data Device Plan	\$45.00	<p>Notes: This is a generally available retail plan, and is subject to change without notice. Current coverage details and additional plan information can be found at www.verizonwireless.com. Coverage includes the Verizon Wireless 5G Ultra Wideband (UWB) network, 5G Nationwide® network, and 4G LTE network. For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G UWB network. Lines activating on this plan must be on a 5G or 4G mobile broadband data device, including jetpacks, USBs/air cards, netbooks, and notebooks. A 5G device is required to receive 5G UWB service.</p> <p>1Subscribers on this plan cannot place or receive voice calls other than to 611 or 911 (these calls may be placed anywhere in the domestic Verizon Wireless coverage area). If the voice block feature is removed, there will be a \$0.25 per minute charge for voice calls.</p> <p>2If the combined 4G and 5G data usage exceeds 60 GB of domestic data usage on any line in any given billing cycle, usage may be prioritized behind other customers in the event of 4G and 5G Nationwide network area congestion. And, Verizon Wireless will limit the data throughput speeds to up to 600 Kbps for additional usage while on the 4G and 5G Nationwide network, and up to 3 Mbps when on the 5G UWB network for the remainder of the then-current billing cycle for the line that exceeds the data usage.</p> <p>For data usage in Canada and Mexico, after the first 2 GB of usage in a day, throughput speeds for additional usage will be reduced for the remainder of the day. Usage outside of the United States requires a 5G or 4G LTE GSM/UMTS global-capable device.</p> <p>3Mobile Hotspot is available on all capable devices and allows the line to share data allowance with multiple Wi-Fi enabled devices.</p> <p>To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at up to 720p while on the 4G LTE and 5G Nationwide networks, and will apply video streaming up to 4K when on the 5G UWB network.</p>		N/A	N/A	2 Years
4G Business TravelPass Feature/ Canada and Mexico Daily Rate	\$0.00	<p>Notes: This feature requires a 4G World Device or 5G World Device. The daily rate covers a 24-hour time period. For eligible countries, non-TravelPass country rates, and additional information, go to www.verizonwireless.com/international.</p> <p>For voice-capable devices, this feature may be added to plans that have an unlimited voice and messaging allowance and an unlimited or capped data allowance using the account share option. For data-only devices, this feature may be added to lines that have an unlimited or capped data allowance using the account share option. For data usage in Canada and Mexico and all Rest of World TravelPass countries, after the first 2 GB of usage in a day, throughput speeds for additional usage will be reduced for the remainder of the day. All data usage decrements from the domestic data allowance when added to a capped allowance plan.</p> <p>Verizon Wireless will terminate a line if more than half of the usage over three consecutive billing cycles is outside of the United States, following 30 days' notice to Customer. This is a generally available retail feature and is subject to change without notice.</p> <p>This feature can only be added to lines activated on the following plan(s) under this Agreement: PP 53537-Business Unlimited Plus Data Device Plan; PP 52599-Business Unlimited Tablet Pro Plan.</p>		N/A	N/A	2 Years

4G Business TravelPass Feature/ Rest of World Daily Rate	\$10.00	Notes: This feature requires a 4G World Device or 5G World Device. The daily rate covers a 24-hour time period. For eligible countries, non-TravelPass country rates, and additional information, go to www.verizonwireless.com/international . For voice-capable devices, this feature may be added to plans that have an unlimited voice and messaging allowance and an unlimited or capped data allowance using the account share option. For data-only devices, this feature may be added to lines that have an unlimited or capped data allowance using the account share option. For data usage in Canada and Mexico and all Rest of World TravelPass countries, after the first 2 GB of usage in a day, throughput speeds for additional usage will be reduced for the remainder of the day. All data usage decrements from the domestic data allowance when added to a capped allowance plan. Verizon Wireless will terminate a line if more than half of the usage over three consecutive billing cycles is outside of the United States, following 30 days' notice to Customer. This is a generally available retail feature and is subject to change without notice. This feature can only be added to lines activated on the following plan(s) under this Agreement: PP 53537-Business Unlimited Plus Data Device Plan; PP 52599-Business Unlimited Tablet Pro Plan. Pay As You Go Rates	Non-TravelPass country rates, and additional information, go to www.verizonwireless.com/international	2 Years
4G Mobile Broadband	\$37.99	Notes: Current coverage details and additional plan information can be found at www.verizonwireless.com . Coverage includes the Verizon Wireless 5G Nationwide® network and 4G LTE network. For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G Ultra Wideband network. Usage outside of the United States will be billed at the international travel feature rate, if applicable, or pay as you go pricing, which can be found at www.verizonwireless.com/international . Only 5G Nationwide and 4G LTE devices can be activated on this plan. Dedicated streaming internet connections, streaming video on non-smartphone devices (including but not limited to, body cameras and stationary video surveillance cameras), and IoT devices are expressly prohibited on this plan. If 25 GB of domestic data usage is exceeded on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds to up to 600 Kbps for additional usage for the remainder of the then-current billing cycle for the line that exceeds the data usage.		N/A	N/A	2 Years
Public Sector Mobile Broadband Share Plans 5GB	\$34.99	Notes: These plans are for domestic data-only devices, on the Verizon Wireless network only. Current coverage details can be found at www.verizonwireless.com . Coverage includes the Verizon Wireless 5G Nationwide® network and 4G LTE network (no domestic roaming or international roaming.) For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G Ultra Wideband network. Lines activating on these plans must be on 5G Nationwide or 4G LTE mobile broadband devices. Data Sharing: Lines on the same billing account on custom share plans with the same data overage rate can share data. At the end of each billing cycle, any unused data allowances will be applied to the overages of other lines, beginning with the line with the lowest overage.		\$8.00	Per GB Data Overage Rate (Note: Additional non-recurring charges may apply.)	2 Years

4G Machine to Machine Wireless Backup Router Plan 25MB	\$10.00	Notes: Current data coverage details can be found at www.verizonwireless.com . This plan is restricted to the Verizon Wireless 5G Nationwide® network and 4G LTE network (domestic roaming and international roaming are not available). For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G Ultra Wideband network. Only Customer-provided, 5G Nationwide and 4G LTE machine-to-machine router devices may be activated on this plan. During an outage of the primary connection, all usage within the billing cycle in excess of the 25 MB allowance will be charged at the overage rate of \$10.00 per GB. Text messaging feature packages may be added to this plan. This Wireless Backup Router Plan is approved for use as a backup solution for business continuity only and is not to be used for primary connectivity. Verizon Wireless reserves the right to move Customer to the standard commercial 5 GB M2M plan should usage on the lines provisioned on the M2M Wireless Backup Router Plan exceed 1 GB for three (3) consecutive months. M2M router devices must be approved for use on the Verizon Wireless network; no other device types may be activated on this plan.		\$10.00	Domestic Overage Rate per GB (Note: Additional non-recurring charges may apply.)	2 Years
Custom DIR Mobile Broadband Machine-to-Machine (M2M) Tiered Plans 1KB-249.99MB	\$0.50	This Custom Machine to Machine (M2M) Tiered Data Plan is restricted to Verizon Wireless network use only; domestic roaming not available. All lines on this Plan must be on a separate account profile from Customer's other Voice, Data and Machine to Machine lines. Detailed billing information will only be available online and the account will require its own unique log in credentials. All charges will be billed in arrears and data usage will be rated and billed in KBs. Data usage from all lines active, at any time during the bill cycle, on the this plan will be aggregated to determine the applicable data usage tier for that month and each line will then be billed for its usage at that rate. This Plan is for fixed/stationary devices only; mobile devices are restricted from use on this plan. Customer must maintain a minimum of two hundred (200) M2M Lines. Usage Rate Per Megabyte \$1.15.		\$1.15	Usage Rate per MB based on aggregated usage.	2 Years

Custom DIR Nationwide Machine-to-Machine "Keep Alive" Plan: Government Election Lines Only	\$0.35	Coverage area includes the Verizon Wireless 4G network; and the 3G and Extended partner networks, while available. M2M Lines selecting to utilize this plan are doing so with the knowledge that any time/ months a device is active on this rate plan will not decrement the M2M Lines existing Line Term or Line Term extension in any manner. Each billing cycle, Verizon Wireless will review Customer's billed usage for all lines active on this DIR Custom Nationwide Mobile Broadband Flat Rate Plan during such billing cycle. Any billing adjustments will be made within 1 to 2 bill cycles after Customer receives its invoice. Share Option is not included on this DIR Custom Nationwide "Keep Alive" Machine-to-Machine Rate Plan. A maximum of 300 M2M Lines per profile can be activated on this Custom DIR Nationwide "Keep Alive" Machine-to-Machine Rate Plan at a time. If Customer changes or upgrades Equipment, Verizon Wireless may require it to change to a then-current plan that is compatible with the changed or upgraded Equipment. Customer may not activate Equipment purchased at a discount from Verizon Wireless on this plan. Voice calling usage is prohibited for lines activated on this Custom DIR Nationwide Machine-to-Machine "Keep Alive" Rate Plan.		\$6.00	Data Sent or Received per MB (Note: Additional non-recurring charges may apply.)	2 Years
4G Smartwatch with NumberShare Unlimited Plan - Government	\$10.00	This plan is for use only in the United States on the Verizon Wireless 4G network. When NumberShare is active on a 4G Smartwatch, certain services will not work on the Smartwatch device including: Call Forwarding, No Answer Transfer, Busy Transfer, Caller Name ID, Voicemail (access voicemail on the Smartwatch device by dialing the host smartphone number and pin)), and RingBack Tones. Calls and messages to/from blocked contacts will not be blocked on the Smartwatch when NumberSharing with a host smartphone. Verizon does not guarantee that NumberShare will work at all times in every situation and the service works only with eligible devices. 1. Only lines on select smartwatches with the NumberShare service can be activated on this plan. Certain conditions must be met prior to activation. This plan can only be used when paired with a Verizon Wireless Smartphone that has unlimited data. 2. Usage may be prioritized behind other customers in the event of network congestion. 3. Unlimited messaging from within the United States to anywhere in the world where messaging services are available.		N/A	N/A	2 Years
4G Business Unlimited Smartwatch Plan (Standalone)	\$20.00	Notes: This is a generally available retail plan, and is subject to change without notice. Current coverage details and additional plan information can be found at www.verizonwireless.com . Coverage includes the Verizon Wireless 5G Nationwide® network and 4G LTE network. For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G Ultra Wideband network. Only select smartwatch devices can be activated on this plan. 1After 22 GB of data usage on a line during any billing cycle, usage may be prioritized behind other customers in the event of network congestion. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at up to 1080p. For data usage in Canada and Mexico, after the first 2 GB of usage in a day, throughput speeds for additional usage will be reduced for the remainder of the day. Usage outside of the United States requires a 5G or 4G GSM/UMTS global-capable device. 2Unlimited messaging from within the United States to anywhere in the world where messaging services are available. For other messaging rates go to www.verizonwireless.com . This plan is not compatible with Private Network Traffic Management (PNTM) nor Private Network.		N/A	N/A	2 Years

4G/5G Custom Verizon Wireless Unlimited Smartphone Plan for Public Sector	\$36.99	Notes: Current coverage details and additional plan information can be found at www.verizonwireless.com . Coverage includes the Verizon Wireless 5G Ultra Wideband (UWB) network, 5G Nationwide® network, and 4G LTE network. For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G UWB network. Usage outside of the United States will be billed at the international travel feature rate, if applicable, or pay as you go pricing, which can be found at www.verizonwireless.com/international . Lines activating on this plan must be on 5G UWB-compatible, 5G Nationwide, or 4G LTE smartphones. 1After 22 GB of data usage on a line during any billing cycle, usage may be prioritized behind other customers in the event of 4G LTE and 5G Nationwide network service area congestion. 2A 5G device is required to receive 5G UWB service. To ensure users are able to maximize their high-speed data use for business applications, video		N/A	N/A	2 Years

SingleRate for Enterprise Domestic Shared Business Email and Messaging with International Travel Voice, Email, and Messaging 2GB	\$65.00	Notes: Current coverage details and additional plan information can be found at www.verizonwireless.com . Domestic coverage includes the Verizon Wireless 5G Nationwide® network and 4G LTE network. For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G Ultra Wideband network. Only a 5G World Smartphone or 4G World smartphone can be activated on these plans. 1Mobile Hotspot is available on all capable devices and allows a line to share its data allowance with multiple Wi-Fi enabled devices. 2The international travel data allowance applies in Canada, Mexico, and the rest of the world (ROW), where coverage is available; aircraft and cruise ship data usage are not included. To see supported countries, go to www.verizonwireless.com/international . 3International travel voice allowance minutes and international travel data allowances do not share. Verizon Wireless will terminate a line if more than half of the usage over three consecutive billing cycles is outside of the United States, following 30 days' notice to Customer. Profile Share - Data Sharing (Domestic Only): Lines on the same profile/Company ID can share data. At the end of each billing cycle, any unused data allowances for lines sharing across multiple accounts will be applied proportionally to lines with an overage. Any remaining overage will be billed in KBs.			International Travel Data Overage Rate per GB (Note: Additional non-recurring charges may apply.)	2 Years
SingleRate for Enterprise Domestic Shared Business Email and Messaging with International Travel Voice, Email, and Messaging 3GB	\$85.00	Notes: Current coverage details and additional plan information can be found at www.verizonwireless.com . Domestic coverage includes the Verizon Wireless 5G Nationwide® network and 4G LTE network. For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G Ultra Wideband network. Only a 5G World Smartphone or 4G World smartphone can be activated on these plans. 1Mobile Hotspot is available on all capable devices and allows a line to share its data allowance with multiple Wi-Fi enabled devices. 2The international travel data allowance applies in Canada, Mexico, and the rest of the world (ROW), where coverage is available; aircraft and cruise ship data usage are not included. To see supported countries, go to www.verizonwireless.com/international . 3International travel voice allowance minutes and international travel data allowances do not share. Verizon Wireless will terminate a line if more than half of the usage over three consecutive billing cycles is outside of the United States, following 30 days' notice to Customer. Profile Share - Data Sharing (Domestic Only): Lines on the same profile/Company ID can share data. At the end of each billing cycle, any unused data allowances for lines sharing across multiple accounts will be applied proportionally to lines with an overage. Any remaining overage will be billed in KBs.			International Travel Data Overage Rate per GB (Note: Additional non-recurring charges may apply.)	2 Years

Custom 4G Unlimited Mobile Broadband Plan with Mobile Broadband Priority and Preemption for National Security, Public Safety, and First Responders	\$37.99	NOTES: Coverage includes the Verizon Wireless 5G Nationwide® network and 4G LTE network. For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G Ultra Wideband network. No domestic roaming charges or long distance charges. Only 5G Nationwide and 4G LTE devices can be activated on this plan. Data usage on this rate plan is not subject to speed reductions ("throttling") within a given billing cycle. However, in the event data usage exceeds 25GB each billing cycle for three (3) consecutive billing cycles, data throughput speeds will automatically be reduced to 600kbps for data usage exceeding 25GB per billing cycle on a go-forward basis. Data usage for actively engaged and deployed fire, police, emergency medical technicians, emergency management agency, and assigned federal law enforcement users on this plan will not be subject to speed reductions regardless of data usage during any billing cycle. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at 720p. This plan includes Mobile Broadband Priority and Preemption. Mobile Broadband Priority allows customers to connect to the network with priority by leveraging a pool of radio resources dedicated to enable their connection. Mobile Broadband Priority identifies the user with an Access Priority setting, giving them higher priority for network access than lower Access Class users. The service is available on the Verizon Wireless 5G Ultra Wideband network.		N/A	N/A	2 Years
Verizon Frontline Network Slice: Connected Vehicle Solution with Mobile	\$40.00	Notes: Verizon will provide Customer with the Verizon Frontline Network Slice (VFNS) - Connected Vehicle solution where 5G is available, in select markets. Verizon Wireless Preemption Service Feature for National Security, Public Safety, and First Responders	\$0.00	<p>Notes: Preemption Service ("Preemption") is a capability that reallocates network resources to customers so that they can connect in emergencies. In those uncommon times when the network is fully utilized, Preemption automatically activates to provide approved personnel uninterrupted access to the network. It helps ensure our national security, public safety, and first responder customers can continue to communicate with each other during times of high network use. Preemption capability is available on the Verizon Wireless 4G LTE data network. While Preemption capability may also be available on the networks of Verizon Wireless's domestic roaming partners, Verizon Wireless makes no representation of Preemption availability or reliability on such networks. Preemption is limited to select service rate plans and cannot be used in conjunction with devices or service plans utilized with dedicated internet connections (including but not limited to, stationary wireless networking router devices), streaming video on non-smartphone devices (including but not limited to, body cameras and stationary video surveillance cameras), and IoT devices are expressly prohibited from using this feature. Please note: calls to 911 are never preempted.</p> <p>This plan is available to Select NAICS (formerly SIC) Codes in the following industries at the discretion of Verizon Wireless. First Responders, National Security, Transportation, Government, Public Safety, HealthCare, Education, Utilities</p>		N/A	N/A	2 Years

Verizon Intelligent Lighting 250 Light Sense nodes with Lighting Control Service Bundle Five (5) Year Term Required	\$461.12	<p>The bundled pricing for the equipment and services is based on the requirements below. Bundle may not be altered. No modifications, substitutions or changes will not be accepted. If customized options are required, customers must purchase unbundled products and services. Please refer to Verizon Intelligent Lighting A La Carte Purchase for unbundled purchase options.</p> <p>Customer must purchase 250 Verizon Light Sense Nodes in one (1) bulk order. Verizon Wireless installation of Covered Equipment is required. Line Items will appear separately (unbundled) on the Customer's bill.</p> <p>"Covered Equipment" means equipment purchased from, and installed by, Verizon as part of this bundled package. With respect to this bundled package, the Covered Equipment is the 250 Verizon Light Sense nodes.</p> <p>Equipment Warranty covers manufacturer defects of Covered Equipment. Verizon Light Sense nodes' ten (10) year manufacturer's limited equipment warranty begins on date of installation for the Light Sense nodes provided as part of this bundled package. Additional details are provided in the Warranty documentation in the Agreement.</p> <p>Field Service provides services to install replacement equipment for defective Covered Equipment only, including any personnel and required special vehicle (e.g., bucket truck) needed to complete equipment installation. As part of this bundled package, Verizon will provide Field Service for the Covered Equipment for the time period which is coterminous with the subscription period of the Verizon Intelligent Lighting service. Field Service dispatch requires a minimum of five (5) defective Verizon Light Sense Node devices, and occurs after verification that equipment failure was not due to causes not covered by Field Service (e.g., lack of power/non-Verizon Light Sense node specific issue). Customer is responsible for any equipment which is not covered under Warranty at the time of Field Services request. Additional details are provided in the Field Service documentation in the Agreement.</p> <p>Additional Requirements:</p> <ul style="list-style-type: none"> ✓ Customer supplies 24x7 electrical power to each pole and mounting location for Covered Equipment ✓ Mounting is available on existing Customer-provided luminaires ✓ LED luminaires must be present with NEMA Socket and support lighting control ✓ Traffic control is not included ✓ Permits and associated fees are not included ✓ No union labor requirements ✓ No Prevailing Wage requirements ✓ No structural analysis required ✓ No M/WBE requirements 				5 Years

Zipit is a critical messaging solution. Zipit Now Messaging Solution	\$15.00	Data usage is rounded to next full kilobyte at end of each billing cycle. Any unused portion of the monthly megabyte allowance is lost. This plan is not eligible for pooling or sharing of the megabyte allowance. *Please note installation, maintenance, warranty, customer service, billing, and pricing of Zipit equipment are provided separately, directly through Zipit Wireless.		\$0.10	Overage Rate per MB after 35MB allowance	N/A
Wireless Private Network is a wireless access point (WAP) solution that gives employees direct access to your organization's internal network by segregating your traffic when they're connecting with mobile devices. Private Network Per Account FES Connect Set-Up	N/A	<p>Set-Up fees apply to new Private Network/DMNR/SBA builds (Verizon Home Agent Portal (VHAP)). This applies to New Private Networks built as Standard, Parent or Child. Subscribers that are placed into this pool will be limited to utilizing the Verizon Wireless Network for transport to and from their FES connections to the Verizon Wireless Network. Static IP addresses will be available on remote access, Mobile Broadband plans or features only. Fees may not apply in certain VPN environments. Fees are per account level (regardless of the number of IPs ordered) selecting Static IP, and may apply in addition to \$1500.00 Connect Fee in certain configurations. Does not include MPLS.</p> <p>Static IP: Fees are per account level (regardless of the number of IPs ordered) selecting Static IP. Static IP addresses will be available on remote access, Mobile Broadband plans or features only. Static IP addresses may be reserved and should be assigned to the mobile numbers within 90 days. De-activated Static IP addresses will go into an "ageing pool" for 24 hours. After 24 hours, these Static IP addresses will be returned to reserved status for the account. Reserved Static IP addresses will be shown at the account level and can be viewed from the billing system. Feature activations will be stored in the "data warehouse" database along with the Static IP Address for reporting. A Static IP address is associated with the device's MDN (Mobile Dialing Number). Each time the subscriber initiates a data session the Static IP address that is associated with their MDN is assigned to their device for each session. Subscribers completing an ESN (Electronic Serial Number) change will retain their Static IP address.</p> <p>Eligible 3G/4G data service: Mobile Broadband, Mobile Broadband Wireless Router, Telemetry (M2M), Wireless Email, or usage-based Megabyte pricing. Verizon Mobile for Microsoft Teams Government Subscribers Only (Monthly)	\$4.00	Verizon Mobile for MS Teams GOVT Note: Lines activating on this feature must be on 5G Nationwide or 4G LTE smartphones. ****Disclaimer: Customers should be aware of service limitations. Please see Verizon Mobile for Microsoft Teams Terms and Conditions Addendum for other important information about 911 configuration and other service limitations. Vendor Website- https://www.verizon.com/business/solutions/public-sector/state-local-government/contracts/texas/Contract Details Availability: This feature is available to any U.S. federal, state and local government customers ("USG Customers") that do not require high security FED RAMP compliance and utilize Microsoft Teams GCC Low or Medium government security platforms. Access to the feature is only available to customers that currently have Microsoft Business Voice licenses, which may only be obtained separately through Microsoft.		N/A	N/A	N/A
Critical Asset Tracking product w/ MBLX CM1 device and 1GB Pooled Data US Only Plan	\$25.00	Coverage includes the Verizon Wireless CAT-M1 network. Lines activated on this plan cannot be used outside the United States. Current data coverage details and additional plan information can be found at www.verizonwireless.com . *Only the Critical Asset Tracking devices described above may be activated on this plan. Voice block is included in the plan and if removed, any voice usage incurred will be billed at \$0.25 per minute. Activation on this plan requires a 24-month Line Term. Verizon Wireless will charge an ETF for lines terminated prior to the expiration of the Line Term. The amount of the ETF will be \$175.00, minus \$10.00 for each month that the line remains active (after the initial 6 months). **Data Sharing: Sharing is available only among M2M Lines active on this plan. At the end of each bill cycle, any unused data allowances for lines sharing on the same account will be applied to the overages of the other lines on the same account beginning with the line with the lowest overage need. The monthly charge includes the location and monitoring software/platform access, hardware/device kit, and the data plan.		\$1.02	Per MB Data Overage Rate	N/A

Equipment pricing referenced above is available when activating on a 2-year service plan offered under the contract.

Item	Amount (percentage or fixed)	Statutory Citation or Authority to assess	DIR Exemption Review (DIR use only)
Taxes, Surcharges, and Fees		<p>The market you're in determines taxes, surcharges and fees, such as E911 and gross receipt charges. As of January 1, 2021, they can add between 12% and 44% to your standard monthly access and other charges (excludes 5G Home). As of January 1, 2021, monthly Federal Universal Service (31.80% of the interstate and international telecom charges; varies quarterly based on FCC rate), and Regulatory (21 cents per voice line, 2 cents per data only line) charges are Verizon Wireless charges, not taxes, and are subject to change.</p>	
Federal Universal Service Fee and Regulatory Charge		<p>Verizon Wireless' pricing does not include federal, state, local or foreign fees, assessments or other charges (collectively "fees"), which must be billed based on the jurisdiction in which the subscriber's cellular number is set up and located. Fees vary by state and local areas and are subject to change without notice. Verizon Wireless cannot provide a comprehensive list of all charges and regulatory fees required and assessed when using a wireless device because they vary greatly from one jurisdiction to another. In addition to taxes, surcharges and fees that we are required to collect, we will also collect charges to recover or help defray costs of taxes and governmental surcharges and fees imposed on us, and costs associated with governmental regulations and mandates on our business. These charges include, among others, a Regulatory Charge and a Federal Universal Service Charge. These charges are Verizon Wireless charges, not taxes, and are subject to change. Because these charges are not taxes, your tax exemptions, if any, will not apply to these charges.</p>	

Item	Amount (percentage or fixed)	Statutory Citation or Authority to assess	DIR Exemption Review (DIR use only)
Sales Tax		<p>If the DIR Customers believe they enjoy an exemption from taxes normally billed by Verizon Wireless on our invoices, you must provide evidence of your exemption in a legally acceptable form, such as the exemption certificate. Exemptions do not apply to expenses necessary to comply with law (surcharges). Surcharges are assessed to recover or help defray costs of taxes and governmental surcharges and fees imposed on us, and costs associated with governmental regulations and mandates on our business. These charges are Verizon Wireless charges, not taxes, and are subject to change. Because these charges are not taxes, your tax exemptions, if any, will not apply to these charges.</p> <p>If we do not collect a tax or other charge because you have provided us with evidence of exemption that later proves to be inadequate, DIR Customers will be liable for such uncollected tax or surcharge as well as for all interest, penalties, and additions that are deemed due by the taxing authority. We will not credit DIR Customers for any taxes or surcharges billed prior to our receipt of your evidence of exemption.</p>
