

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

July 12, 2023

**Carrier:** Verizon New York Inc., 140 West Street, New York, NY 10007

**Contact:** For additional information on these planned network changes, please contact:

Harvey Salzberg  
Global Engineering and Operations  
Verizon Wireline Network Operations  
140 West Street, 5<sup>th</sup> Floor  
New York, NY 10007  
212-519-4852

John Dunne  
Manager – Global Network Engineering and Operations  
Verizon Wireline Network Operations  
2147 Route 27, 4<sup>th</sup> Floor  
Edison, NJ 08817  
732-593-4003

**Implementation Date:** On or after March 1, 2024

**Planned Network Change(s) will occur at the following locations in New York:**

Verizon Central Office	Address	CLLI
West Haverstraw NY 5E Switch	12 West Railroad Avenue West Haverstraw, NY 10993	WHVRNYWHDS0
Pleasantville NY DMS Switch	465 Marble Avenue Pleasantville, NY 10570	PSVLNYPVPSA

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the West Haverstraw NY 5E switch are associated with CLLI code WHVRNYWHDS0 and will not be repeated throughout this notice.
- All references to the Pleasantville NY DMS switch are associated with CLLI code PSVLNYPVPSA and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon West Haverstraw NY 5E switch, located at 12 West Railroad Avenue, West Haverstraw, NY 10993, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Pleasantville NY DMS switch, located at 465 Marble Avenue, Pleasantville, NY 10570. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Pleasantville NY DMS switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the West Haverstraw NY 5E switch will be required to reposition the codes to the Pleasantville NY DMS switch.

All ASRs for the Pleasantville NY DMS switch must be received no later than January 2, 2024 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the West Haverstraw NY 5E switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the West Haverstraw NY 5E switch (**on or after March 1, 2024**). This will serve to guide interconnect re-routes of traffic for the four (4) native codes currently served by the West Haverstraw NY 5E switch to reflect the Pleasantville NY DMS switch as the new home switch. All ASRs for the Pleasantville NY DMS switch must carry the project code of **WHVRNYWHDS0**.
